

Coronavirus vaccination

Protect your child!

The vaccine is effective!

Vaccinations are a success story!

Vaccinations protect the **healthy growth** of our children. Check your **child's vaccination status** regularly and don't forget other important childhood vaccinations.

Your child's safety comes first!

The vaccination **protects children from 5 years of age** against COVID-19 and possible late effects. **Strictly controlled studies** have confirmed its **efficacy and safety**.

Children suffer from the pandemic!

Psychological complaints, fear and behavioural problems have **strongly increased** among children and adolescents. Vaccination protects your child!

Get vaccinated now!
